

CEM AT COP26 - COUNTDOWN

Glasgow, United Kingdom

Join us at COP26 from 1-12 November! Hosted by the UK, this action-packed two weeks will feature several CEM workstreams and partner organizations as they look to catalyse global international clean energy cooperation to keep 1.5 degrees within reach.

COP26 will bring together many members of the CEM community, including high-level government officials, international organizations, the private sector, and others to supercharge clean energy transitions this decade. The CEM Community will be hosting, co-hosting, and participating in a number of events over the next weeks. Please note that more up to date information and additional events will be published on our [COP26 Events Page](#) in the coming days.

We hope you are able to join us either in-person or virtually for these events, calls to action, signings, and much more!

Steps towards an open and cooperative Climate Club for Climate, Competitiveness and Industry

Industry continues to be a hard-to-abate sector, with a significant share of the overall global emissions. Hosted by the German Federal Ministry for Economic Affairs and Energy (BMWi) and German Ministry for Finance (MoF), this event will bring together some of the leading experts and voices from government and industry to highlight the importance of a collaborative climate club to bring about this transformation. The event will feature [CEM's Industrial Deep Decarbonisation Initiative](#).

- **Time:** 17:30-19:00 BST
- **Location:** Blue Zone, German Pavilion, [click here](#).
- **Organizers:** German Federal Ministry for Economic Affairs and Energy (BMWi) and German Ministry for Finance (MoF)
- **Speakers:**
 - [Mr Guntram Wolff](#), Director, Bruegel (Moderator);
 - [Ms Elisabeth Winkelmeier-Becker](#), Parliament State Secretary
 - [Mr Jakob von Weizsäcker](#), Director/Chief Economist, German MoF
 - [Mr Christoph Bals](#), Policy Director, Germanwatch
 - [Mr Tomasz Kozluk](#), Economic counsellor to Chief Economist, OECD
 - [Mr Tareq Emtairah](#), Director, Department of Energy, UNIDO
 - [Mr Andy Baukol](#), Acting Under Secretary for International Affairs, US Treasury
 - [Ms Erika Mink](#), Head EU Affairs, ThyssenKrupp
 - [Ms Rachel Kyte](#), Dean of Fletcher School, Tufts University

Leaders' Event: Accelerating Clean Technology Innovation and Deployment

This event will bring together countries and business leaders to discuss how we can work together to accelerate the innovation and deployment of clean technologies needed to keep the 1.5°C goal within reach so that they are accessible and affordable for all. The event will set out a positive vision for a clean, green future and all its benefits, including creating new jobs and growth globally. The spotlight will shine on new leading initiatives to drive action and set out ambitious plans for a decade of delivery and international collaboration.

Wednesday, November 3

Accelerating the Transition of Industrial Clusters toward Net-Zero

The role of the industrial sector, and that of specific industrial clusters, will be of paramount importance for achieving any net-zero goal. This event will feature the CEM's [Industrial Deep Decarbonisation Initiative](#) (IDDI), and the efforts that governments are taking to transform this sector.

- **Time:** TBC
- **Location:** Accenture Pavilion
- **Organizer:** World Economic Forum
- **Speakers:** UNIDO on behalf of CEM Industrial Deep Decarbonisation Initiative
- **Secretariat contact:** Sarbojit.pal@cemsecretariat.org

The Role of Hydrogen in the Transition to Net-Zero

IEA's [Net-Zero Emissions by 2050 Roadmap](#) shows the important role hydrogen needs to play in a transition to net-zero energy systems. Join the [CEM's Hydrogen Initiative](#), IEA, the Hydrogen Council, the International Partnership for Hydrogen and Fuel Cells in the Economy as they discuss the role of Hydrogen on the path towards net-zero emissions. For more information, [click here](#).

- **Time:** 18:00-19:00 BST
- **Location:** Blue Zone, Japan Pavilion, [click here](#).
- **Organizers:** IEA
- **Speakers:**
 - [Mr Dan Dorner](#), Head of Clean Energy Ministerial Secretariat (Moderator);
 - [H.E. Juan Carlos Jobet](#), Minister of Energy and Mining, Chile;
 - [Dr Fatih Birol](#), Executive Director, International Energy Agency;
 - [Dr Jose M. Bermudez](#), Energy Technology Analysts, International Energy Agency
 - [Mr Shinichi Kihara](#), Deputy DG for Technology and Environment, METI, Japan;
 - [Mr Daryl Wilson](#), Executive Director, Hydrogen Council;
 - [Dr Noé van Hulst](#), Chair of International Partnership for Hydrogen and Fuel Cells in the Economy;
 - [Dr Sunita Satyapal](#), Director of the Hydrogen and Fuel Cell Technologies Office, DOE, USA
